To Whom It May Concern:

I wish to be considered for the Division No. 4 vacancy on the Board of Kern County Water Agency (Agency). My residence is within the boundaries of Division No. 4, and I have lived at my current residence for the past nine (9) years and in the Division for over thirty-two (32) years. I am also a registered voter in Kern County.

My career includes over forty (40) years in the California water industry and thirty (30) years as the General Manager of Kern Delta Water District. My background includes extensive knowledge of the Kern River water rights and the California State Water Project. I believe my experience would be beneficial to the residents within Division 4 and as a Director on the Agency Board.

My wife and I have obligations that require us to be out of town the third week of every month, including this month. Therefore, I will not be able to attend the upcoming December 17<sup>th</sup> Agency Board Meeting.

Thank you for your consideration. Please contact me if you have any questions. I look forward to your response.

With respect,

L. Mark Mulkay

Kern County Water Agency

**Re: Division 4 Board of Directors Vacancy**

Dear Secretary of the Board,

I am writing to express my interest in serving as Director for Division 4 of the Kern County Water Agency. As a registered voter residing within Division 4, I am eager to contribute my expertise and leadership to the Agency's mission of managing and protecting Kern County's water resources.

I hold a master's degree in business administration and have over 40 years of experience in the water utility industry. My career has included serving as District Manager for California Water Service in Bakersfield, where I oversaw operations and collaborated closely with local stakeholders to ensure reliable service. I also served as a member of the UBAC committee, contributing to policy discussions and collaborative solutions. Currently, I serve as Director of Operations for Cal Water's Southern Region, where I manage large-scale operations, budgets, and strategic initiatives across multiple districts.

This extensive background has given me a deep understanding of the challenges and opportunities facing Kern County's water systems, including infrastructure planning, resource allocation, and balancing agricultural, municipal, and environmental needs. I understand the sources of KCWA's water, including State Water Project water and treated groundwater, and am familiar with the Groundwater Sustainability Agencies and Plans in the region. I am committed to applying my knowledge of utility management, regulatory compliance, and community engagement to support the Agency's goals and represent the interests of Division 4 residents.

I would be honored to serve on the Board of Directors and to collaborate with fellow board members, staff, and community partners in advancing Kern County's water future. Thank you for considering my statement of interest.

Respectfully,

Tamara Johnson  
Director of Field Operations, Southern Region
